Applied to
Federal Commissioner
Sydney

Sir,

Noticing in one of the
daily newspapers where
you were wanting in form-
ation for the Federal
Capital Site.

I best to bring under your
notice the Port-Stephens
District for these reasons.
I think wherever
the Site is chosen it
would have need to

be strongly fortified, how
easily Fort. Stephens could
be made impregnable
then in building materials
of all kinds would be
found on the ground viz
Lumber, stone, Coal & Lime
This district has been sadly
neglected through the A. A. Co.
not throwing its lands open
to the public.

In my opinion it is one the
best situated places to form
so important a capital on
in Australia.

Should you decide to suspect
I will give you every possible
assistance in my power
Trusting I am not trespassing on
by giving this before you
I remain
yours ^{truly} ~~truly~~ ^{truly} ~~truly~~
P. Hobbs
